

# IMF205B Thermal Medical Film blue finish 205um

Product Description	Thermal Medical Film Blue Finish
Application	Imaging department in hospital DR,CR,CT,MRI film output

Sizes	8"*10", 10"*12", 11"*14",14"*17" Appointed size is available
-------	---

## Physical properties

Weight(m <sup>2</sup> )	270gsm
Thickness	205μm (0.205mm)
Opacity	>1+/-0.2%
Curl	<=3mm
Blackness	Maximum Transmission Density >=3.0D Minimum Transmission Density < 0.28 D
Haze.	<= 20%

## Compatible printer

	FUJI3500/ AGFA5302
--	--------------------

## DICOM Software

	PrintScp
--	----------

## Media Features:

- No sensitive silver halide in any layer
- Environmental protection coating
- Exposed to day light directly with non-sensitive coating
- Easy storage, no need dark room, no refrigeration, and long - term storage

## Recommend Storage Conditions

Temperature	18-24°C 20-80% non-condensing	   
Humidity	40%-65% RH
